

TRAINING REQUIREMENTS FOR INCLUSION ON THE NARCH LIST OF REGISTERED CANINE HYDROTHERAPISTS

Hydrotherapy Pool Use only:

If you will be providing hydrotherapy in a pool only, you will need to evidence at least **ONE** item/criteria from sections **A and B** in table 1.

Water Treadmill:

If you will be operating a water treadmill, you must have completed additional water treadmill training and evidence at least **ONE** item/criteria from each of sections **A, B, and C** in Table 1.

Please note most of the required water treadmill training is listed as units and may be offered in more than one qualification.

N.B. (1) If you operate a treadmill without the correct treadmill qualifications you will require supervision at all times by an RCH who has gained the requisite qualifications.

N.B. (2) Any ABC qualification attained prior to 1st September 2012 no longer satisfies NARCH training requirements for new registrations.

**PLEASE REFER TO THE REGISTRATION CRITERIA TABLE ON THE FOLLOWING
PAGE:**

Table 1 - Registration Criteria

A	1	iPET Network Level 4 Diploma in Canine Clinical Hydrotherapy
	2	GA Level 4 Diploma in Canine Hydrotherapy
	3	GA Level 4 Certificate in Canine Hydrotherapy (Bridging Qualification)
	4	GA Level 4 Certificate in Canine Hydrotherapy for Musculoskeletal Practitioners
	5	Hartpury University Undergraduate Certificate Level 4 in Small Animal Hydrotherapy
	6	OCNLR Level 3 Certificate in Canine Hydrotherapy
	7	OCNLR Level 4 Certificate in Canine Hydrotherapy for Veterinary Physiotherapists
	8	SEG Awards Level 3 Certificate in Small Animal Hydrotherapy
	Qualifications with and operational end date prior to 2025	
	9	SEG Level 3 Certificate in Canine Hydrotherapy
	10	AIM/OCNWM Level 3 Certificate/Diploma in Small Animal Hydrotherapy
	Qualifications with an operational end date prior to 2020	
	11	ABC Level 3 Certificate or Diploma in Hydrotherapy for Small Animals
	12	K9 Hydro Services Level 5 Diploma in Hydrotherapy

B	1	Provide evidence of 20 hours practical training as part of a qualification or with a training provider.
----------	----------	---

C	Please be aware that prerequisites will be necessary for certain units, and NARCH will rely on the training provider to assess them specifically for your individual case.	
	1	iPET Network Level 4 Canine Advanced Aquatic Treadmill Techniques T/651/1255
	2	GA Level 4 Advanced Techniques for Aquatic Treadmill Therapy L/651/4330
	3	GA Level 4 Award in Advanced Aquatic Treadmill Therapies 610/5254/1
	4	SEG Level 4 Advanced Small Animal Aquatic Treadmill Techniques K/651/4023
	5	OCNLR Level 4 Applied Water Treadmill Techniques for Canine Hydrotherapy (K/617/1595)
	6	Hartpury University Undergraduate Certificate Level 4 in Small Animal Hydrotherapy
	Units with and operational end date prior to 2025	
	7	SEG Level 4 Advanced Canine Aquatic Treadmill Techniques (A/617/7756)
	8	AIM/OCNWM Practical Advanced Aquatic Treadmill Techniques R/617/5754 AND AIM/OCNWM Gait Analysis and Biomechanics J/617/5749 AND

	AIM/OCNWM Tissue Healing Processes H/617/5760
	Units with an operational end date prior to 2020
9	ABC Practical Application of Advanced Hydrotherapy Treadmill Treatment Techniques for Small Animals (T/505/3149) AND ABC Advanced Hydrotherapy Treadmill Treatment for Small Animals (K/505/3147)

Veterinary Professionals

All Veterinary Professionals need to complete a formal qualification in Canine Hydrotherapy and should discuss any RPL with their chosen Training Provider.

Training Providers

Teazledown Academy, previously known as Canine Therapies Academy (Lancashire)
 Fylde Coast Canine Hydrotherapy (Lancashire)
 Greysfriars Rehabilitation and Hydrotherapy Referral Centre (Surrey)
 K9 Hydro Services (Suffolk)
 Operations K9 Academy (East Yorkshire)
 South Coast Hydrotherapy (Dorset)
 The Canine Education Co/Woozlebears (various locations)

Historic training providers (Qualifications after 2012 still accepted for registration)

Hawksmoor Training
 Whitehouse

NARCH Approved Practical Training Assessors (NAPTA)

NAPTAs can be used to complete additional practical training where 20 hours were not provided as part of a hydrotherapy qualification.

The following list shows those individuals who are **NARCH Approved Practical Training Assessors**, who meet specific NARCH training criteria. Please note that NAPTA status applies to those individuals listed and does not apply to any individual working at the centre/organisation:

JUSTINE ACKROYD ROUNDSTONE CANINE HYDROTHERAPY CENTRE (West Sussex)
 enquiries@roundstonekennels.com
 01903 850231

CLAIR HUCKER Clairaspear@outlook.com
 07881911152

Returning to NARCH

Should an RCH allow their registration with NARCH to lapse/be cancelled/be suspended/be moved to pending re-certification for a period of 2 years or more, the following requirements will need to be evidenced to NARCH, before re-registration to NARCH will be granted:

- 10 hours proof of recent CPD training undertaken within the preceding 6-month period prior to application to re-register with NARCH

AND

- Returning after a 2 year break – 7 hours of practical training
- Returning after a 3 year break – 14 hours of practical training
- Returning after a 4 year break – 21 hours of practical training
- Returning after a 5 + year break – number of hours practical training will be individually assessed
- **ALL** practical training must be undertaken with a NARCH Approved Practical Training Assessor (NAPTA) or with a NARCH Approved Training Provider

If you require further assistance or clarification regarding NARCH Training Requirements, please send your questions by e-mail to the NARCH membership secretary: membership@narch.org.uk
